Letter of Reference: Everlasting Coatings and Paints (ECP)

Please be advised that our company has worked with Mr. Frederick Byrd and his crews for the past 20 months. We have been impressed with the quality of the products as well as the support system of personnel at EverLasting.

ECP's Advantage 25 Exterior Coating has been on some of our buildings for as long as 18 months and is still fresh, and clear/clean – we simply wash with a power wash system.

We estimate we have used close to 4500 gallons of paint as well as miscellaneous products from Everlasting. They respond promptly and professionally to all our requests.

You may feel free to contact me at anytime.

Sincerely,

A handwritten signature in black ink, appearing to read 'Todd Dollar', is written over a horizontal line.

Todd Dollar
